FROM MY DESK …

It's hard to believe that we are into the fifth week of Term 3. Staff and students have been very busy engaging in a range of activities across the curriculum. A reminder to please take note of our dates to remember with plenty of extra-curricular activities still to take place this term.

POSITIVE EDUCATION

On Monday, teachers travelled to Warrnambool to engage in professional learning relating to the Positive Education curriculum. The day was facilitated by the Institute of Positive Education Geelong Grammar School. Throughout the day we explored the Positive Education curriculum documentation and how this can be adapted to suit our setting. The curriculum provides another valuable resource to support teachers to support the wellbeing of all students at Lismore Primary School.

During the day, all participants engaged in a range of brain breaks. Brain breaks are something that we have implemented this year at Lismore P.S. Throughout each school day our students can be involved in brain breaks during any lesson. Brain breaks are short, developmentally appropriate activities that ensure a sense of belonging and have a number of benefits. These include:

- Positive classroom environment
- Inclusion
- Co-regulation of the group
- Enhance learning and behaviour
- Reciprocal enjoyment
- Affiliative humour
- Teaching content
- Humour as a coping strategy
- Social, emotional and cognitive benefits

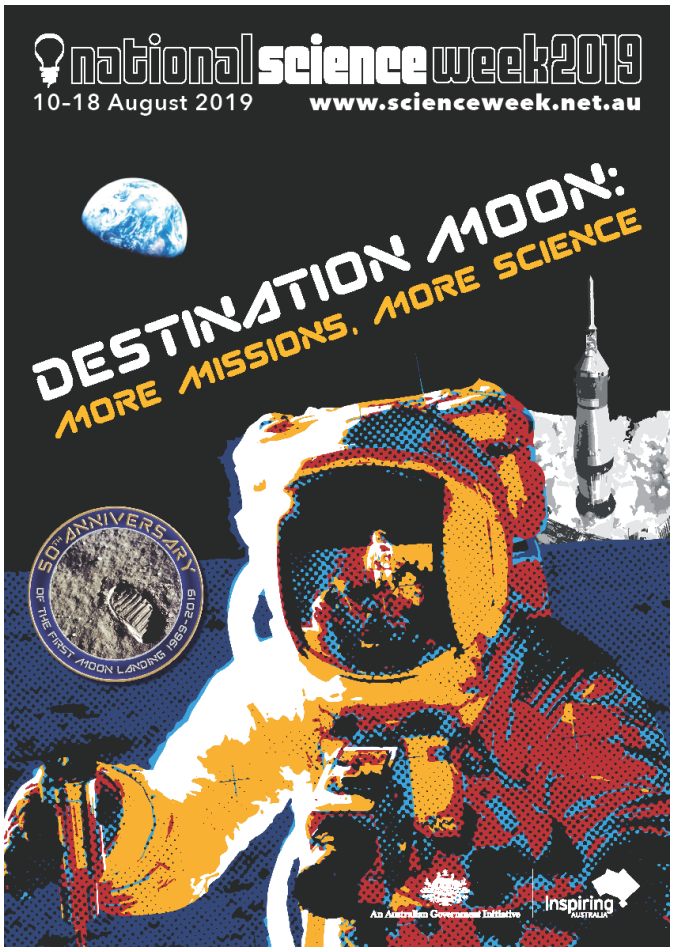
Ask your child to share a brain break activity with you at home!

EVERYDAY FOODIES

Last Thursday our 3-6 students went to the Lismore Health Centre to work in the commercial kitchen to create and sample a number of healthy lunch options. This included beetroot dip, egg slice, cheesy muffins, muesli bars, apple and banana muffins and crunchy wraps. All students showed a keen interest in cooking and a willingness to try new healthy food options. Tomorrow students will complete their final session at the Lismore Health Centre as part of the pilot program with South-West Healthcare. The final session will allow students to create and sample healthy dinner options.

SCEINCE WEEK- 'DESTINATION MOON: MORE MISSIONS, MORE SCIENCE'

This week is ***National Science Week*** with the theme 'Destination Moon: more missions, more science'. National Science Week offers the opportunity to explore 'big picture thinking' when exploring, understanding and utilising science to investigate people in the space industry that are all delivering solutions in space science. This Friday afternoon, students will engage in science activities to acknowledge the impact of science on our lives.



BOOK WEEK CELEBRATIONS

Next week is CBCA Book Week with schools, libraries, booksellers, authors, illustrators and children across Australia celebrating Australian children's literature. Each year our wonderful MARC teacher Mrs Munson organises an excursion to Sovereign Hill to engage in a range of educational activities relating to short listed books. This is next ***Monday 19th of August***. Permission notes and details have been sent home and we ask that these be returned as soon as possible.

Book Week celebrations continue on ***Thursday 22nd of August*** with students having the opportunity to come to school dressed as their favourite book character. A book parade will be held at 9:00am, all are welcome to attend.

WE WANT OUR PARENTS TO TELL US WHAT THEY THINK …

Please note the Parent Opinion Survey has been extended to ***Sunday 18th August***. We strongly encourage you to take part, as it is designed to assist schools in gaining an understanding of parents' perceptions of school climate, student behaviour and student engagement. Our school will use the survey results to help inform and direct future school planning and improvement strategies. The survey is conducted online, only takes 10-15 minutes to complete, and can be accessed at any convenient time within the period on desktop computers, laptops, tablets or smartphones. A unique link and password has been emailed directly. If you have misplaced this information, please feel free to contact the school. Thanks for helping shape the future of our school.

2020 ENROLMENTS

Lismore Primary School is now taking enrolments for 2020. Enrolment packs can also be collected at the school office. If you are aware of any parents who may wish to enrol their child, please let them know. Enrolment week is next week ***August 19th to August 23rd***. We encourage all enrolment forms to be submitted during this week to assist us with forward planning.

OFFICE HOURS

Please note Michelle McLeod is on leave for two weeks commencing tomorrow. We welcome back Karen Bradshaw who will assist in the office next Thursday and a couple of days the following week. As a result, our newsletter will be distributed next Thursday instead of Wednesday.

REMINDERS

Lunch order forms along with money must be returned by Thursday morning to ensure delivery Friday.

Breakfast Club operates every Monday and Wednesday morning from 8:30am. All students are welcome to enjoy a healthy breakfast with their friends.

Enjoy the week, stay safe!

Jess Kattwinkel

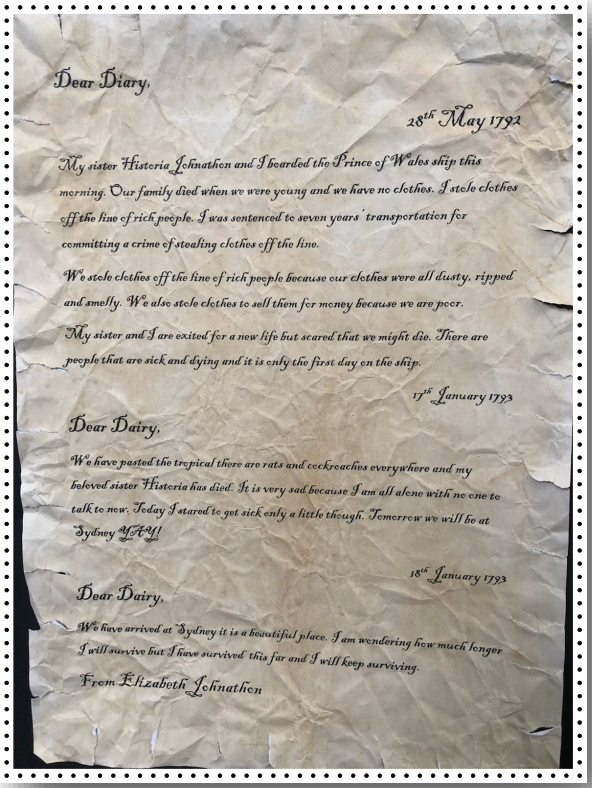
Friday 6th September	Lismore Primary School Trivia Night
Friday 20th September	End of Term 3—2.30pm dismissal
Wed Oct 9th-Fri Oct 11th	3-6 School Camp



Dear Diary,

28th May 1792

My sister Historia Johnathen and I boarded the Prince of Wales ship this morning. Our family died when we were young and we have no clothes. I stole clothes off the line of rich people. I was sentenced to seven years' transportation for committing a crime of stealing clothes off the line.

We stole clothes off the line of rich people because our clothes were all dusty, ripped and smelly. We also stole clothes to sell them for money because we are poor.

My sister and I are exited for a new life but scared that we might die. There are people that are sick and dying and it is only the first day on the ship.

17th January 1793

Dear Dairy,

We have pasted the tropical there are rats and cockroaches everywhere and my beloved sister Historia has died. It is very sad because I am all alone with no one to talk to now. Today I stared to get sick only a little though. Tomorrow we will be at Sydney YAY!

18th January 1793

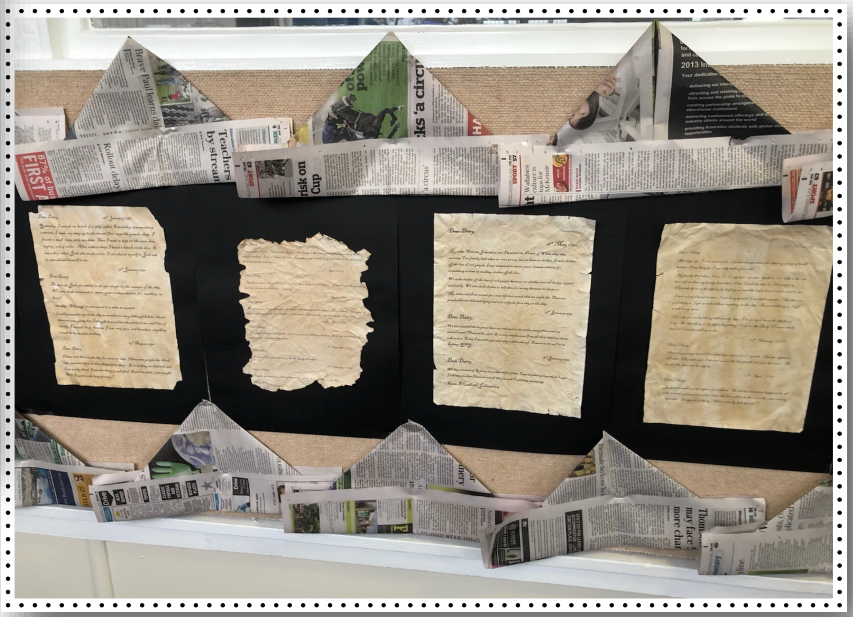
Dear Dairy,

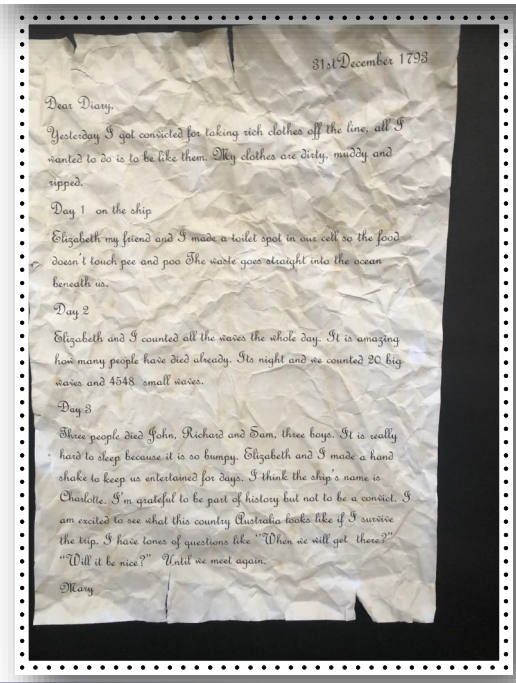
We have arrived at Sydney it is a beautiful place. I am wondering how much longer I will survive but I have survived this far and I will keep surviving.

From Elizabeth Johnathen

What's happening in the 3-6 room!

As part of our writing focus on 'recounts' students completed a journal entry from the perspective of a convict sentenced to seven years transportation. They published their writing using an old style font and used tea bags to dab their piece of paper and create the 'old' look. These are now on display in the corridor.





31st December 1798

Dear Diary.

Yesterday I got convicted for taking rich clothes off the line, all I wanted to do is to be like them. My clothes are dirty, muddy and ripped.

Day 1 on the ship

Elizabeth my friend and I made a toilet spot in our cell so the food doesn't touch pee and poo The waste goes straight into the ocean beneath us.

Day 2

Elizabeth and I counted all the waves the whole day. It is amazing how many people have died already. Its night and we counted 20 big waves and 4548 small waves.

Day 3

Three people died John, Richard and Sam, three boys. It is really hard to sleep because it is so bumpy. Elizabeth and I made a hand shake to keep us entertained for days. I think the ship's name is Charlotte. I'm grateful to be part of history but not to be a convict. I am excited to see what this country Australia looks like if I survive the trip. I have tones of questions like "When we will get there?" "Will it be nice?" Until we meet again.

Mary

YOUNG ACHIEVERS OF THE WEEK

F-2 Class - Tyler G for continuing to develop his confidence in Maths and showing an excellent understanding of division. Well Done!

3-6 Class - Kayleb for approaching his work in a positive manner and showing independence and persistence. Keep up the great work!
