

Lismore Primary School Scoop

Our vision is to develop well rounded, confident and responsible individuals who aspire to achieve their full potential. We will do this by providing a welcoming, happy, safe and supportive learning environment in which everyone is equal and all achievements are celebrated.

Lismore Primary School would like to acknowledge the Wathaurong People, the Traditional Owners of the land on which we are gathered and pay our respects to their Elders-past and present and emerging.

FROM MY DESK

Welcome back!

We hope that everyone had an amazing break and got to recharge after a very busy Term 2. This term we have many exciting things happening from PJ day next Friday, to a Christmas in July celebration, Sporting Days and celebrating the Olympics. We also have the opportunity to work with a provisional psychologist from Federation University. They will be working with a few of our students around social and emotional learning and they will start with us next week.

We are currently looking to refine our processes for borrowing the Community Bus during the holiday periods. Any bookings for the school holidays need to be done in advance. The school phone is not monitored during the holidays to give all staff the opportunity to take a well earned break. Keys will be able to be picked up and returned at the school without the need of a staff member through a digital lock box we have installed. If you have any questions please do not hesitate to contact us between 8:30am and 4:30pm Monday to Friday.

School Captain Report

I can't believe it's already term 3, this year is going so fast.

This week I am going to tell you about what's coming up and interview someone who got an award, but to start off, last week was NAIDOC week so we have been doing some activities in the 3-6 class to celebrate it. We made some art of awesome emu's and they look really good. There is a photo on the next page of them.

Next Friday we are having a PJ Day so remember to bring a gold coin donation.

Now I'm am going to interview Eden about her piano award.

Hi I'm Eden. In piano I got an award for completing all the songs in book 1. What I like about the school is that I have a bunch of friends. My favourite learning task is writing about history, this year I have most enjoyed doing the explorers. At play time I like to play tennis. This year I am looking forward to school camp.

That's all I have for this week.

Jacko

F-2 NEWS

Welcome back! We hope you have had a fabulous holiday and students are refreshed after their break. It's been great to see the students happily reconnecting with their friends, within the classroom and in the yard.

CURRICULUM

In Writing, students will start the term off by writing a holiday recount of what they did in their holidays. Holiday recount writing is always very popular! Our Reading focus for the next two weeks will be making predictions before, and during reading. For Inquiry there will be a focus on the Paris Olympics and Paralympics throughout the term. As last week was NAIDOC week, we will be doing some NAIDOC activities this week.

SEESAW

Just a reminder Seesaw is a great way to connect with your child's teachers and view some of the class activities/work. If you are having difficulties in connecting, please feel free to pop into school for some assistance.

Please remember if you have any concerns, please contact one of us to have a chat. Our door is always open.

Regards,
Pauline and Narelle

ONE LINERS!

F-2 All F-2 students have come back to school very happy and ready to learn. Students have had conversations around NAIDOC week and completed NAIDOC activities.

3-6 Students in the 3-6 class have been busy celebrating NAIDOC week, reading and completing activities based on our mentor text *Awesome Emu. Well Done Everyone!*

3-6 NEWS

Overview Week 1 and 2

Hello everyone and welcome back to Term 3. Term 3 is my favourite term as there are fewer interruptions and great opportunities for student growth. It is the term that children make the most progress if they are here every day. This term our class will be participating in Inquiry activities relating to Geography. Students will explore, analyse and investigate the characteristics of places in Africa and South America. We will be interpreting and creating maps and learning to describe and explain the diverse characteristics of places in different locations from local to global scales. If you have any concerns or questions, please get in touch with me via email or in your student's diary. Remember my door is always open and you are welcome to see your child/children's work.
Cheers Judi Parkhouse

Writing	<i>Recount Writing</i> - School Holidays <i>Procedural Writing</i> - To instruct how to make or do something
Reading	Comprehension Focus: Summarising/Think Aloud Guided Reading, Independent Reading, Shared Reading Mentor Text: Awesome emu, The Lost Girl
